KAPLAN FINANCIAL

Kaplan Financial Equips You To Be a Financial Services Professional

Insurance

The Nevada Division of Insurance regulates the sale of insurance in Nevada, and requires sales representatives to be licensed. The Life/Health license authorizes you to sell life, health, disability and long term care insurance, annuities, and related coverage. The Property/Casualty license allows you to sell auto and homeowners insurance, as well as commercial property and liability coverage.

Kaplan Financial offers insurance licensing courses that will allow you to quickly and successfully complete your education and pass your state licensing exam. Our customers tell us that convenience is crucial so we have developed a variety of class formats to fit every schedule—from classroom to online.

Classroom education has many benefits. Experienced instructors expose you to a broad array of insurance concepts. The curriculum will explain exactly how insurance works in Nevada and provide insight into various types of policies. Our classes prepare you to pass the state test on your first attempt with the utmost confidence. Students leave our classes with a solid foundation upon which to build a career in the insurance business.

Securities

In order to sell stocks, bonds, mutual funds, and variable annuity products, a person must be registered with the Financial Industry Regulatory Authority (FINRA®). While there is no mandatory education, many candidates lack the necessary experience in the securities industry to pass the required series examinations without prior preparation.

Kaplan Financial delivers exam prep courseware to match adult learning styles and to help busy professionals prepare to pass the securities exams—the first time. We recommend a classroom learning environment with teacher and peer interaction and we offer the largest national classroom network, with classes held in most major U.S. metro centers.

Campus Locations

Courses are offered at Kaplan Professional Schools locations. Kaplan also offers courses in real estate, appraisal, and home inspection. Call or visit www.kaplanprofessionalschools.com for more information.
